

Sock Puppets: (free app for up to 30 seconds of recording)

Classroom Uses:

Students/teachers can create puppet shows to:

- Explain a science concept.
- Retell a story.
- Tell about an event from history.
- Share information about a famous person.
- Model appropriate social behavior.
- Tell jokes. (Knock-knock jokes work well!)

1. Click the “New” button to begin a new puppet show.

2. Follow the on-screen prompts to choose the desired puppets, backgrounds, and props.

3. Use the buttons at the top to start and stop the recording, to save and share, and to navigate the app:

4. To record a show:

- a. Click the red circle.
- b. Hold your finger on a puppet, talk, and move the puppet around.
- c. Repeat, touching each puppet as you want it to “speak.”
- d. Click the “square” button to stop the recording.

5. When you’re done recording, you can:

- a. Click the “Share” button to upload it to photos or YouTube.
- b. Click the “Save” button for replay on the iPad.

Notes / Helpful Hints

- In the “Settings” area, you can change the pitch of each character’s voice. A “slider” button lets you choose from low to normal to high.
- To upload to YouTube, you’ll need to create an account. Just go to www.youtube.com and click the “Create an account” link in the upper right corner.
