Exploring London

London is the capital city of the United Kingdom. It is the most populated city in the UK, and considered a leading global city, and is the hub of government, finance and commerce for the UK. London is very diverse with over 300 languages spoken in the city. It's a very old city, dating back to Roman times. There are still many historical sites to visit. Many of these sites will be explored in this Sway.

As you read through the descriptions, and explore the images, and videos, take copious notes in your OneNote notebook. You will use this information for your next creative writing assignment.

London has many places that are thought to be haunted, but the Tower of London may be the most haunted. Watch this video to find out the history and why the tower is believed to be one scary place!

The screenshot displays the Microsoft Sway application interface. At the top left, there is a grid icon and the word "Sway" in a teal box. Below this is a "Suggested" dropdown menu with a downward arrow. To the right of the menu is a search bar labeled "Search Bing" with a magnifying glass icon. The "Suggested" menu is open, listing several options: "Suggested" (with a small S icon), "OneDrive", "Facebook", "Bing", "PicHit", "YouTube", "Twitter", "Add Source" (with a plus icon), and "Upload" (with an upward arrow icon). Each option is enclosed in a red rectangular border. Below the menu is a grid of image tiles. The top row shows a tile with a city skyline and the text "on", and another tile titled "London" showing a night view of a city wall. The middle row shows a tile with the Union Jack flag and another titled "Marble Arch" showing a stone archway. The bottom row shows a dark landscape tile and another titled "Tower of London" showing a large stone building.
